*** Hybrid courses at Alton Regional Training Center combine face-to-face and online instruction in one course.** This is a traditional face-to-face course with optional online capability for those personnel that are on-shift. The online portion will be different types of online assignments and will require the student to be an active learner. Students with the option of online portion will be required to be in the classroom on the first and last day of class and on the days that they are not regularly scheduled to be on-shift.

Example: Student A is scheduled to work on his assigned shift on Tuesday and Thursday. Student A will have to be in the classroom on Monday (first day of class), Wednesday (not scheduled to be on-shift) and Friday (last day of class). On Tuesday and Thursday, Student A will not be required to be in the classroom and work assignments will be accomplished online prior to the start of the next class day. The assignments will be classwork (mandatory), not homework.

“Let no man’s ghost ever come back and say his training failed him.” - NFA
