## ARE YOU INTERESTED IN CAPITAL AND TRAINING TO EXPAND YOUR BUSINESS?

**Our PeopleStart program is here to help.**

Our cohort program will guide you through business basics like credit, insurance, permitting, financial statements and more while a small business loan from \$1,000 to \$10,000 will provide you with the resources to gain real-time results.

Our community is filled with entrepreneurs just like you and together we can build our networks, expand our skillsets, and learn how to make our businesses bigger and better.

If you'd like to learn more, contact our education team. We're happy to answer any questions! Be sure to attach your credit report, 2014 tax return, and recent paystub so we can talk about credit and financial resources for your business.
